# 1 Introduction

Tourism is one of the main economic sectors in the European Union with a major impact on economic growth, employment, and social development.

In line with these European priorities, DIGITOUR is an innovation project funded through the European Innovation Council and SMEs Executive Agency (EISMEA), entrusted by the European Commission, under the COSME Programme.

The main ambition of DIGITOUR is to provide SMEs from the tourism sector with the digital tools and technologies to improve their competitiveness and resilience. In particular, DIGITOUR aims to enhance their knowledge of digital tools and to boost innovative ideas for digital solutions and improve foster cross-sectoral and cross-border partnerships among tourism sector SMEs, stakeholders and digital providers.

In this context, DIGITOUR project designed an action to identify and curate a list of digital services providers specialized in providing solutions for the Tourism ecosystem. This list was created based on the answers to a Call for Expressions of Interest launched in September 2022.

In line with this objective and following the Call for Expressions of Interest launched to identify companies and entities interested in applying their solutions to the tourism ecosystem, this document contains the list of entities registered on the project's B2B platform that are interested in cooperating with tourism SMEs.

## 2 Deliverable summary

### 2.1 Deliverable abstract

This deliverable contains the list of companies and entities from the digital sector that applied to the Call for Expression of Interest for technology providers and that were accepted for publication.

The entities included in the list are interested in applying their solutions to the tourism ecosystem and offer digital solutions that could be of value for tourism SMEs to innovate their services. SMEs awarded with the vouchers will have to spend them at the digital providers included in the list.

The submission period to express their interest covered from 26 September 2022 to 16 October 2022. The call was open to any legal entities based in an EU member state or in a third country participating in the COSME programme. The interested companies filled in an online form published on the DIGITOUR website. The submissions were reviewed by the DIGITOUR consortium. After their selection, the company profiles were published on the DIGITOUR project website to facilitate the cooperation with the tourism SMEs that will receive support through the two voucher schemes.

The companies and entities that have expressed their interest in the project are legal entities, regardless of their size, based in an EU Member State or in a third country participating in the COSME programme.

### 2.2 Deliverable objectives

The objective of this deliverable is to provide in a clear and accessible way the list of technology providers that were accepted via the Call for Expression of Interest. These suppliers were included in the DIGITOUR project website and constitute the list of providers that are open to collaboration

with tourism companies in innovation and digitalization projects.

## 3 Scope, use and impacts of the deliverable

### 3.1 Scope of the deliverable

This deliverable contains a list of the digital providers with the following information:

- company name
- offer title
- website
- address
- country
- contact person
- email

The annex provides full information on each accepted company, adding details of their descriptions and offers. It reflects the complete information that is published on the DIGITOUR platform, at the link <https://digitour-project.eu/news/list-of-digital-providers/>. The platform is publicly accessible.

Example of online profile publication:

📍 Germany  
🏠 Frankfurter Straße 87, Atelierhaus 14,  
97082 Würzburg  
☎ +491714014687  
✉ c.gutmann@thedigitalarchitects.de  
🌐 <http://www.coco.one>

#### COCO BY THE DIGITAL ARCHITECTS GMBH

**Company description:** COCO is the all-in-one marketing system that companies can use to easily manage their digital marketing. The system can be used to quickly and easily set up websites and landing pages, design forms, publish content in the blog and on social media with just a few clicks, place ads, maintain the Google Business profile and design digital screens for the POS. In addition, different services are available to users, such as an editorial service, management services or workshops on the subject of digital marketing.

**Offer Title:** Communication Cockpit COCO (All-in-one Marketing System)

**Digital Solutions Provided:** Marketing tool (website builder, social media management, newsletter management, pos marketing etc.) + agency services (corporate design, content creation, workshops...)

**Services Description:** When tourism companies use COCO, they implement their digital marketing quickly and efficiently. This saves them a lot of resources. In doing so, they build digital visibility, which enables them to be found by new customers and also potential applicants. Additional reach is built up via advertisements. Interested parties (customers and applicants) can register using forms. These interested parties and existing customers can be kept up to date via newsletters. This helps building valuable relationships. Visitors can be informed and entertained via content on digital screens on site, and at the same time feedback can be obtained using forms.

**European countries where the company provides its solutions:** The system is primarily used in Germany, Austria and Switzerland, but is also scalable for all other European countries.

◀ **Gastfreund GmbH**

**OMMAX GmbH** ▶

## 3.2 Use of the deliverable

The list of companies and entities of the digital sector registered in the DIGITOUR platform allows tourism companies to inform themselves about the different services that are available, select providers that meet their needs and challenges, and contact them to start with the implementation of their innovation and digitalization projects.

With the application, the entities agreed to the publication of their data.

## 3.3 Impacts of the deliverable

The tourism SMEs awarded with DIGITOUR vouchers will be able to contact technology providers and invest their vouchers: voucher 1 of 1,000.00 euros and voucher 2 of 20,000.00 euros to carry out the innovation and digitalization projects.

# 4 Preparation and development of the deliverable

## 4.1 Preparation stages and deliverable development

The main steps in the elaboration and preparation of the list of digital sector companies/entities registered on the project B2B platform were:

1. Design and publication of the Call for Expressions of Interest.
2. Design and publication of the form, published on the DIGITOUR website under this link: <https://digitour-project.eu/application-form-service-providers/>
3. Promotion of the participation, using the project website, social media and specific webinars.
4. Analysis of the received applications.
  - a. Verification of the eligibility criteria for their digitalisation and innovation services: Internet of Things (IoT), Augmented Reality and Virtual Reality, Enterprise resource planning (ERP), Customer relationship management (CRM), Booking platforms, Digital advertisement, Website builders, Geolocation, Digital Identity verification, Cloud-based storage service and Digital concierge.
  - b. Verification of the criteria relating to the type of legal entity and location of headquarters. Compliance with the three additional rules stipulated in the Call for Expression of Interest:
    - i. has not been declared bankrupt or has initiated bankruptcy procedures.
    - ii. has no convictions for fraudulent behaviour, other financial irregularities, unethical or illegal business practices.
    - iii. is not under liquidation or an enterprise under difficulty accordingly to the Commission Regulation No 651/2014 art. 2.18.

5. Publication of the companies/entities of the digital sector registered in the B2B platform of the project in DIGITOUR website under this link: [LIST OF DIGITAL PROVIDERS – DIGITOUR \(digitour-project.eu\)](https://digitour-project.eu).

## 5 Contents and annexes4

### 5.1. List of entities registered on the project's B2B platform
