Learning curve > Tutoring and mentoring

Tutoring - Guidance for tourism SMEs before and during the project by helping throughout the production of content and implementation of their project
= support in fulfilling the expectations from DIGITOUR project application and implementation

Mentoring - Individual or collective help and assistance for tourism SMEs during the project set-up and implementation through the development of their strategic positioning and concerning a specific or general goal.
= a more global support aiming at boosting the SME's competitiveness

Learning curve > Tutoring and mentoring
